OFFICIAL FACT-FINDING REPORT: POTENTIAL CONSUMER CLASS ACTION

TARGET ENTITY: Lunar Astro Vedic Academy (OPC) Private Limited & Deepanshu Giri **INVESTIGATING BODY:** Independent Human Rights & Online Fraud Protection Organization **DOCUMENT STATUS:** PUBLIC DISCLOSURE / CALL FOR VICTIMS

---

1. NOTICE OF INVESTIGATION

This document serves as a formal public notice that an independent fact-finding investigation is currently underway regarding widespread consumer fraud, deceptive trade practices, and coordinated cyber-harassment orchestrated by **Deepanshu Giri** and **Lunar Astro**.

This investigation is gathering evidence from global victims to evaluate the grounds for a **Mass Consumer Class Action** against the entity.

2. CORE ALLEGATIONS & FRAUD VECTORS

A. The “Code 5007” Financial Bait-and-Switch

Lunar Astro engages in a systematic financial deception model. Consumers are aggressively marketed premium astrological consultations (often exceeding ₹50,000) under the explicit guarantee of a personal session with Deepanshu Giri.

- **The Fraud:** Upon securing non-refundable payments, the organization secretly routes clients to anonymous, junior staff members operating under proxy designations (e.g., “Code 5007”).

- **The Extortion:** When consumers realize they have been defrauded and demand refunds, the organization refuses and utilizes psychological coercion, threatening victims with “bad karma” or spiritual curses.

B. Illegal Medical Quackery & Endangerment

Deepanshu Giri has utilized his platform to broadcast highly dangerous, scientifically baseless medical claims. He has publicly asserted that astrological charts can be used to “see DNA” and that his remedies can cure severe, life-threatening conditions such as Autism and Cancer. This constitutes a severe violation of medical advertising laws and preys on the desperation of terminally ill patients.

C. Cyber-Terrorism Against Whistleblowers

When victims attempt to expose these scams, Lunar Astro deploys a coordinated “Troll Farm” to silence them. Operating through proxy pages like **“Lunar Astro Memes”**, this syndicate engages in:

- **Child Endangerment:** Morphing and publishing photographs of whistleblowers’ minor children.
- **Image-Based Abuse:** Scraping and publishing private photographs of victims’ spouses with highly obscene captions.
- **Criminal Intimidation:** Issuing public threats of real-world harm to critics and their families.

3. CALL FOR VICTIMS & WITNESSES

If you have been a victim of the Lunar Astro “Code 5007” scam, if you were denied a refund, or if you have been targeted by their cyberbullying network, your testimony is vital.

Do not be intimidated by their proxy troll farms. The digital footprints of their enforcers (including operatives like Manit Verma, Garima Srivastava, Deeptanu Dev, and others) have been logged and archived for law enforcement.

Protect Yourself: Consumers are strongly advised to initiate immediate chargebacks through their banking institutions for “Services Not Rendered as Described” and to file formal grievances with national consumer protection agencies.

This dossier is published in the public interest to prevent further financial exploitation and digital abuse.
